Hi, and haha I do think healthcare is great here! As long as one have good insurance! In Sweden, healthcare is universal which mean is free but waiting time for non emergency care is enormous as well as the bureaucracy to see a specialist.

glad you're back to health 😊

I am back to walking and eager to meet for a luncheon! How is your availability? I going for Modern Talking concert on Saturday around 3:30 to San Jose but could meet for lunch before if that works for you. Otherwise quite available. Do you have in mind any particular place?

how about Sunday? anytime works for me.

btw, I was a copyright notice on the code samples provided with Language Implementation Patterns. Is it OK to use code as example in my Ravel project?

Sure.
